## Multi-Hazard Workwear

The HR50 is manufactured from 99% Cotton and 1% Carbon Fibre.

It is expertly developed to provide flame, welding, electric arc and anti-static protection while offering guaranteed wearer comfort.

This advanced technology fabric is designed for a range of industries offering maximum comfort and outstanding protection.

The stain resistant fluorocarbon finish helps liquids to bead and roll off.

## Flame Resistant

This cutting-edge line of flame-resistant products offers comprehensive protection in hazardous settings.

The culmination of extensive experience, advanced technology and thorough market research, has created a state-of-the-art product range showcasing our commitment to ensuring the health, safety, and comfort of the wearer.

Our dedication is evident in the diverse product range tailored for various climates and applications.
